Winter 2021 Newsletter

PVCA Rescue

We first became aware of the PVCA rescue group when we adopted our chihuahua mix Pippa. We have since become a foster home for the organization, and have helped other small dogs find homes of their own, including our foster-fail Edee! For more information check out the PVCA Animal Rescue Facebook page.

Introducing...

Cairdeas Crates, a monthly dog crate filled with treats, toys, and more! The pandemic has challenged us to think outside the box (or crate) for new ways to serve our clients. The Crate is delivered right to your door, and is customizable for your dog. Our goal is to support local, organic, and Canadian products as much as

possible. We are also featuring some of our favourite toys from the kennel. In January we completed a trial run, and look forward to launching Cairdeas Crates soon.

Happy 14th Birthday to our Bennie

Our Basenji Ben turned 14 on New Years Eve! He still comes to the kennel everyday to meet the dogs through the fence. We don't let him inside as much anymore since he feels his job is to pee on all the kennels!! You will recognize Ben as one of the dogs on the Cairdeas logo.

Vaccination Reminder

Did you know that you can just text us a photo of your dog's vaccination records? It's an easy way to keep our files up-to-date, so we can keep the kennel safe!

Cairdeas Calendar 2021

We ordered another batch of calendars! Just let us know if you are interested we can mail or deliver you a calendar!

Cooper

St. Bernard/Pyrenees. 2 years 3 months old. Innisfail. Cooper became a Cairdeas client in July 2019. If you have every been to the kennel on a Wednesday, then you most likely have met Cooper! He has a standing reservation for our half price daycare on Wednesdays, and in 2020 he was here 46 times! He is a big goofy, gentle guy and it just doesn't feel like a Wednesday without him! Give him a follow @cooper_m_the_dog
